**\* PROPERTY HISTORY: (Expand on the history of the barn/property such as use, original owner, builder, architect, family stories and memories, etc.. add additional pages if necessary)**

Built in 1903 along with farmhouse. Operated as a dairy farm by family named Champion until the late 1920's. Owned by family named Frye and operated as Glenrose Dairy in the 1930's. I have a picture of the place along with the Glenrose Dairy trucks dated 1932. The picture is taken from the top of the hill with the barn in the foreground, so you can clearly see the original structure, along with part of the dairy herd. Stayed as a dairy farm until converted to a chicken and egg farm in the late 1950's or early 1960's. Purchased by W. Salsbury and used as a base for his geological survey business. Purchased by C. McIver and used to raise beef cattle and horses until 1998 when I purchased the place.

I installed a white post and rail fence and maintain Arabian horses on the property at present. Interior still has the original wood flooring in the milking stall area and in the west end of the barn which I use as shelter for the horses. Hay is now stored in the east end of the barn.

Construction of the barn is similar to old barns I viewed in upper New York State last year; a type A-frame with the roof resting on the sides of the squared off

Only typed forms are accepted. Please send an electronic copy of the completed form.

If you need assistance completing the form, please contact Michael Houser, State Architectural Historian, at 360-586-3076 or [Michael.houser@dahp.wa.gov](mailto:Michael.houser@dahp.wa.gov).

"A". Some of the interior wood has been scavenged, but it is 90% original.

The property is located on the South Hill facing north onto 17<sup>th</sup> (Glenrose) at the corner of Big Springs and Glenrose. It is approximately 1 and 1/2 blocks east of Havana-Yale Street, the city limits. It is at the extreme north end of Glenrose Prairie and is just west of Cherry Lane which used to have many cherry orchards.

***Please provide current photos of nominated property (interior and exterior (all four sides)) and a map indicating the location of property in relationship to major roads. Digital images are preferred (please provide disc) or print on photographic paper.***

## OTHER FARMSTEAD BUILDINGS

*If building does not exist, please check N/A box*

*Provide additional photos of secondary buildings/structures regardless of age.*
